Does your pet have any pre-existing medical problems we should be aware of?

Is there any other thing that we need to know about your pet that would help us? (Afraid of thunder storms, fractious, separation anxiety, etc.)

Has your pet been ill or showed any signs of illness in the past 2 to 4 weeks? If so, please explain.

Authorization for Vaccination

Proof of current vaccinations is required (Rabies, Distemper/Parvo and Bordetella) for all boarders. If vaccinations cannot be confirmed by the time of check in, we will administer the needed vaccines. An exam fee of (\$50.00) will be charged along with the costs of any vaccines given.

I give permission to vaccinate my pet if he/she is overdue for distemper or rabies vaccinations. A vaccine to protect against kennel cough (Bordetella vaccine) is required every 6 months for dogs boarding with us and will be given (at owner’s cost) upon admission if due.

Authorization For Treatment

If your pet becomes ill during his/her stay with us, a veterinarian will examine your dog or cat. *We will make every attempt to contact you at the numbers you provide should your pet become ill while with us.* Medical treatment will be provided at the discretion of the veterinarian on duty. All costs associated with any medical care given while boarding will be at the owners’ expense and due upon your pet’s release.

Authorization for Release of Pet to a Person Other Than Owner

If someone other than the owner is to pick up a pet from boarding, please let us know when that pet is brought in. We will not release an animal to someone other than the owner without prior authorization from the owner.
